

## **Training course 25 October 2018**

The IIA's Professional Certifications Board has approved the requirement that **beginning in 2018, ALL active IIA Certificate holders MUST include 2 hours of ETHICS training as part of the ANNUAL Continuing Professional Education (CPE) hours needed to maintain their certifications.** In other words, the annual Ethics training requirement is **MANDATORY** from 2018 onwards.

To assist its IIA Certified holder members to meet this requirement for their 2018 CPE hours, IIA Cyprus is organizing a 2-hour presentation on “**The importance of Ethics for Internal Auditors**”, free of any charge. The topic will be presented by the ex-President of IIA Cyprus Mr. Onisiforos Onisiforou on **Thursday 25 October 2018**, from **18.30 to 20.30**. at the **ELECTRON room** in the **central offices of the Electricity Authority of Cyprus (EAC), 11 Amphipoleos street, 2025 Strovolos, Nicosia** (Nicosia entrance).

As a result, all IIA Cyprus members who are active IIA Certificate holders are encouraged to *SAVE THE DATE* (25/10/2018), make a note in their calendars, and call or inform otherwise our Institute Offices as soon as possible about their participation in this training event.
